I was thrown from my horse 6 or 7 years ago, and suffered a severe wound of the side, which was aggravated by disordered kidneys. Bleven months ago I was attacked with pneumonia and bladder disease, deposits of brick dust and albu bladder disease, deposits of brick dust and albumen being discernable by the naked eye. I was confined to the house for six months, and was unable to cross the floor without assistance. My physician did me no good. Having read in my religious weeklies of the wonderful cures by your Safe Kidney and Liver Cure, and being advised to use it by Captain Graham, I did so, and arr once more able to walk the streets. My pains have left me, and I believe if I had used the remedy a year ago I should then also have

Letter from Prince George.

Ocrespondence of the Alexandria Gezatte.] Епісон, Va., Feb. 13.—The rexejaster guillotine was set at work in this county a few days after the election in Nevember last, but for some cause the knife has not worked smootbly, although it has been operated by Chief Executive Mahone from his high seat at Washington. The first thrust made here by this bloody machine was simed at the head of the postmaster at Rollins' Fork, but this ficial made a timely dodge so ose the country line in o Wes moreland and escaped with the loss of only one eye. His deputy was left in charge of the office and still holds the fort, The trouble in this case was that McDapiel. the new appointed to this office, which pays abou: \$3 a quarter, was unable to find security upon the required bond of \$100, though he sought it diligently with tears for several weeks among his neighbors and numerous relatives, He was soon pacified, however, by the promise of the place of County Superintendent of Schools, to which no bond or security of any kind is required, and as, bappily for him, no particular qualification is regarded as important under readjuster administration. He claims to bave received Lis appointment to this place some weeks ago, but has been unable to proceed to its duties on account of an attack of "irrisyphalus"-so he writes to the present in-

cambent. The prxt blow was directed to the postmatter at Edge Hill. Here the same difficulty arcse as to official security, and after a long and fruitless search among his party friends, the new postmaster found a dimogratic merchant who would go upon his bond provided the office were moved a me way off to the latter's place of business. The office was accordingly moved, in defiance of law, and the new postmaster installed. I leers that the name of the office will be changed to 'Eureka," as ap propriate to the happy discovery of security after long and arxious search.

The office at Comoro, one of the most impor ant and luorstive in the county was terdered to several Republicans, but they declined breause they saw no use in deposing a good officer without cause. There being no avail sble rescinster in the neighborhood, the sop tue who betrayed his party and agreed to acne has hist to learn the art of writing and then bust security, his qualification SAMUEL TENNESSON & CO.

is indeficitely postponed.

Little, so far, has been done in the way of faraling this winter. As soon as the weather becomes readjusted there will be a general and vigorous movem at all along the line. The present high prices of corn will doubtless stimulate our farmers to plant a much larger acresge. this year than usual. It is the coninion of many that the growing crop of wheat h s been damaged by excessive wet weather.

rectorate of this parish, has entered zealcuily upon his work, and already the congregations of his churches—St. John's at the Court House, and Emmanuel at Port Unway—have been greatly enlarged. Several new and valuably members have also been added. The Sundae school interest, so long neglected, has been revived and the general work of the church, through different pasterate oversight. through diligent pastorate oversight, gives en-couraging signs of renewed prosperity.

Hev. J. H. Boggs, after an absence of five years, returns as preacher in charge of the Methodist Church in this circuit. A mutual desire of preacher and people secured this ar-

The criminal trial at the last term of the Ceuaty Court of Westmoreland occupying the undivided time of that court for a whole week, and resulting in the acquittal of Purcell, accused of the murder of Gertridge, was a remarkable one in several respects, but in no part was it more remarkable than in the legal ability displayed by counsel on either side—Wm. S. McKinney and Wm. A. Jones for the Commonwealth, and R. J. Washington and Wm M. Walker for the prisoner. The even balaics of the scale in this respect was probably one gauss. the scale in this respect was probably one cause of the protraction of the trial. The Bar of the Northern Neck courts has long been distinguished for its ability, and yet an old practitioners asysthat "Mr. Washington's closing argument in this trial was able and elegant tassed ment in this trial was able and elequent—as good as I have ever listened to in the forty-five years that I have been connected with the courts."
